## BULBS FOR CHRISTMAS

Does searching for just that "right" present present a problem. Don't look any further, if he or she is a gardener because a Xmas gift of big beautiful Butt bulbs will hit the spot.

If you want us to select the varieties tell us what you want to spend and leave the rest to us. Sorry we can't gift wrap them, but we'll get them to you in lots of time to put under the tree for the big day.

## GRADED DOZENS

How many times have you planted your bulbs to bloom for the shows, only to find that owing to the season you are either too late or too early. This is one reason of many, why we were prompted to offer bulbs in graded dozens.

You get four of each size, large, medium and small, which ensures you of a long blooming season and lots of bulbs and bulblets for the next year. Plant them all at one time and if your large sizes bloom out early, the medium and small ones will look after your needs.

## PRICES AND DELIVERY

All parcels will be sent express collect. Only parcels especially requested by mail will be sent that way as the express company guarantee safe arrival even in freezing weather. Please inspect your bulbs carefully, immediately upon arrival and make sure they are all right. If not please notify your local express agent.

Our representative is Mr. Leo G. Klein who is widely known all over America for both his originations and for many articles he has written on Glads. For many years he edited the Canadian Gladiolus Society Annual.

## OUR \$2000 CONTEST

Last spring we announced that we were prepared to pay up to \$2,000 in prizes to customers who won prizes at the various gladiolus shows. A number of customers have already sent in a list of prizes won and we'd like to hear from all others who are entitled to receive bulbs for their efforts.

One thing sure there will be a new contest for 1950 on similar lines, so make sure you buy your bulbs from us and get in on these worthwhile prizes. Tell your friends, or what's even better send us their names so we can send them a Gladalogue.
